Designing a Roadmap for Effective and Sustainable Strategies for Assessing and Addressing the Challenges of EU Agriculture to Navigate within a Safe and Just Operating Space

This is the 1st newsletter of the BrightSpace project WHERE YOU CAN:

- Find out what BrightSpace is all about
- Read about the latest developments of the project
- Know more about networking with other EU projects
- Get information on upcoming events

What is BrightSpace ?

BrightSpace is an EC funded 5-year Horizon Europe research and innovation action aiming to design effective and sustainable strategies to navigate within a Safe and Just Operating Space.

Meet the BrightSpace project team

The consortium of BrightSpace consists of 14 partners from 9 countries in Europe (AT, CZ, FR, DE, HU, IT, NL, ES, UK) and the Joint Research Centre of the European Commission.

The consortium includes partners from the private and public sector representing:

- (a) academia and higher education (CZU, UBO, UCSC, UOXF, WU);
- (b) SME dealing with research consultancy, data collection, development (EuroCARE). Another SME has also a strong track record in the field of communication, stakeholder engagement and exploitation (PLAB);
- (c) public government bodies dealing with agricultural and environmental research and data collection, and building agricultural models at different scales (WR, CITA, IIASA, Thünen, INRAE, PBL, TC CAS).
